## BLUEPRINT TO MANHOOD

### INTRODUCTION

As men, there's a lot of pressure on us to be providers, fathers, husbands, etc. Unfortunately, many of us were never taught what is required of us to be men or never had positive male role models in our lives that we could glean from.

Some of us have fathers that are present-but-not present or who are so focused on supporting their family financially, that they never provide emotional, loving and actual support to their children.

Our goal is to bridge this gap and turn Manhood into the natural instinct it was meant to be.

## MISSION STATEMENT

### OUR MISSION

Blue Print 2 Manhood's mission is to counsel, coach, help and equip adolescent boys, teens and men with the tools they need to develop into responsible Men, Husbands, Fathers and Mentors.

## MALE TO MAN RELATIONSHIP BASIC BLUEPRINT

Have you ever considered that the relationship you establish with your children becomes the blueprint for every other relationship they will enter into during the course of their lives? This can often be a new concept for all parents, not just dads.

Blueprint 2 Manhood Counseling not only works with transitioning 'Boys 2 Men' but it also helps men who feel that they were never taught how to be a man to become the best version of a man he can be!

## SERVICES
